Director Anderson,

On November 21, 2015, members of the Butler County Rescue Squad, John Brown and Charles Childress, assisted in searching for a missing person within Mammoth Cave National Park. With their assistance we were able to cover more ground.

On behalf of the park staff and the family members, we would like to thank the Rescue Squad volunteers. While the missing person has yet to be located, their efforts are greatly appreciated.

Sincerely,

Sarah Craighead  
Superintendent
