2025 Casco Products: 2nd Annual We Care Week

We are excited to announce our 2nd Annual "We Care" event, which will take place from April 21st to April 25th this year. "We Care Week" is an opportunity for our company to emphasize the health and safety of our employees, as well as to bring our community together.

We Care Week 2025 Highlights

The week-long event will focus on a variety of important safety topics. Highlights include:

- A community blood drive hosted by the American Red Cross at our facility.
- Employee health screenings.
- Donations to our local food banks (last year during the event we contributed over 2,000 items)

2025, we are expanding our efforts to include support for the Butler County Animal Shelter and the Morgantown Care & Rehabilitation Center and a silent community auction for proceeds to go to a voted community nonprofit.

Casco invites local businesses, emergency responders, local health and safety-related fields to participate in a meet and greet at our facility on April 25th from 9:00 am to 2:00 pm. The event will feature educational topics on safety, health, and community outreach. We hope everyone in the community will come and enjoy what the event has to offer while getting educational and community information while enjoying and help show our appreciation to our community organizations. We are proud to share that Casco's "We Care" event was featured on local television networks last year!

Casco's Vision for We Care Week 2025
 This year, we aim even higher, with a goal to make a greater and more meaningful impact on our community. We believe this event wouldn't be possible without the generous support of local companies, who provide valuable products, services, and resources to help us support our attendees and participants.

Thank you for helping us make "We Care Week" a continued success. Together, we're building a healthier, safer, and stronger community!
